

Milfy City v0.71 - Full Walkthrough

Tips:

- If you want to use an item you have to first select it in the inventory and then use it on the desired object.
- The map is usually active when you are outside or when you're at the beginning of each location.
- If you're stuck during the story, try to talk with the desired person a few times at different times of the day.
- The time skip button only works while you're on the map screen.
- Not enough money? Try the minigames on the PC
- To spy on someone in the bathroom you need to buy "Spy Camera" in the shop. Then use it on the bathroom door.
